I am Mr. Hassan Mamman, I am a fund manager with Barclays bank of Uk, I got your email from the net, something draw me to you, I think is destiny. I will like you to partner with me in this once in a life business opportunity. Few yrs ago, I used an unclaimed fund in our bank to secretly invest in a high interest program in the Swiss bank, it ran for 7yrs and I made a profit of \$10million usd.

I have stopped the program and have returned the capital back to our bank, now it's this \$10 million usd profit I made which is in an escrow account in our bank I will like us to pull it out from our bank.

I will like to transfer the fund out of London to your country, all I have to do is to name you as the beneficiary and have it transferred to any bank account of your choice.

All you have to do is to provide me with a bank account where I can have the fund transferred.

I will give you 40% of this money for your participation.

There are no risks involved in this transaction; I can provide you with documentation of the high interest trading for your perusal.

I hope to hear from you soonest. For more information please do not hesitate to call me on this number +447031748569 or
